1. Read the following text and decide if the sentences below are True (T) or False (F) – 10 points

The Emperor Penguin

Feathers
They have four layers of feathers which are waterproof and protect them from the cold.

Tummy
Their tummies are smooth so that they can slide when they need to travel a long way over the ice.

Flippers
Their flippers are small but strong so they can swim quickly through the water.

Claws
They have strong claws so that they can grip onto the ice as they shuffle along.

Emperor penguins grow to 1.15m tall. They are the largest type of penguin and they can survive temperatures as low as -60°C! That's more than three times colder than a freezer!

1. The Emperor Penguins are the largest type of penguin. _____
2. They have six layers of feathers which are waterproof. _____

- 3. Their tummies are smooth so that they can slide when they need to move. _____
